

LETTER FROM THE CHAIRMAN

Dear Shareholders,

In FY16, the economic indicators as compared to FY15 with primary indicators like GDP, CAD and others being better compared to the previous year. GDP is expected to grow at 7.7% for FY16 compared to 7.10% in FY15 and makes us one of the fastest growing economies in the world according to IMF. Among the secondary indicators, inflation as measured under CPI has fallen to 4.91% and has been lower than the RBI target of 6% by Jan'16. The fall has been mainly due to lower MSP increases and fall in crude prices to multi year lows of USD 30 levels. Despite a lower than expected monsoon and uneven rains during the year, food inflation remained low as global agri commodities prices fell. Index of Industrial Production growth has been on par with previous year as manufacturing has been weak due to a global economic slowdown and capacity utilization still having scope to improve. The one major indicator which has been weak has been trade data as exports have shrunk drastically.

There was an outflow of USD 2.51bn from FIIs in FY16 against the inflows of USD 45.44bn seen in FY15 as markets were volatile in FY16 due to various global factors. FY16 saw outflows from both debt and equity markets as equities saw outflows of USD 2.01bn while debt saw outflows of USD 0.51bn. FII flows are expected to improve in FY17 as government reforms boost growth and since macro indicators are much better compared to other emerging markets

Your Company's continued focus on cost reduction and productivity enhancement initiatives supported by market buoyancy have resulted into considerable gains both in revenues as well as profitability. Further, we enhanced our product offerings and reached out to specific profitable segments successfully.

Your Company reported a consolidated net profit of Rs. 3.33 crores in FY15-16. Income from operations has remained stable at Rs. 127.65 crores as compared to Rs. 126.45 crores for the previous year.

Given the underlying potential of Indian markets in the long run, we continue to be positive on the long term potential in India and expect retail investors to increase their participation in capital markets. Your Company will continue to work towards creating enduring value for its stakeholders and customers by converting challenges into opportunities.

Yours Sincerely.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MACRO ECONOMIC SCENARIO

THE INDIAN ECONOMY & MARKETS

In FY16, the economic indicators as compared to FY15 with primary indicators like GDP, CAD and others being better compared to the previous year. GDP is expected to grow at 7.7% for FY16 compared to 7.10% in FY15 and makes us one of the fastest growing economies in the world according to IMF. GLOBAL ECONOMY AND DEVELOPMENTS

The global macroeconomic landscape is currently rough and uncertain characterized by weak global growth. The situation has been exacerbated by; (i) declining prices of a number of commodities, with reduction in crude oil prices being the most visible, (ii) turbulent financial markets (more so equity markets), and (iii) volatile exchange rates. These conditions reflect risk averse behavior of global investors, thus putting many, and in particular, commodity exporting economies under considerable stress.

In light of this, 2015-16 was a year of adjustment and expectation management. Expectations of world GDP growth from many quarters have been below 3%. During the last year, we stumbled from one mini economic crisis to another in the form either the Greek debt crisis or the Chinese devaluation and then the commodity crash. Although, we have seen a patchy recovery in the equity and commodity market of January-February this year, this can be attributed to the NIRP (Negative Interest Rate Policy) regime implemented by BoJ and the ECB, aided by the reduced expectation of rate hike by Fed. The faith in such a recovery seems limited at this point and that is getting manifested in continued downturn in most commodity prices. MOA

The narrative in Emerging Markets (EM) is also similar with rise in corporate debt post 2008. Growth expectations of EM countries have also been downgraded to around 4.5% level down from an average of 6.5% in the previous decade. Most of the EM countries are net exporter of commodities and that has left them vulnerable in this low commodity price scenario. The EM corporate bond spreads are still low however we have seen some rise in spreads in China. Most of the central banks in EM region including China have pumped liquidity in the system through its recent policy moves and this has helped the markets. However this has left EM vulnerable to another global economic crisis. Since EM is a vast encompassing term there are of course some exceptions including India

INDUSTRY STRUCTURE AND DEVELOPMENTS

During FY16, cash market volumes declined to ~20,000 crores as compared to ~21,000 crores in the previous year as commodities crash globally led to a sharp risk-off across the globe for most part of 2015-16. Daily derivatives turnover improved from ~229,000 crores to ~264,000 crores. Indian markets continue to be heavy on derivatives while light on cash trading, thereby suggesting higher speculative activity than investing activity. While this mix has improved over the years in favor of investing volumes, this mix is also driven by the fact that derivatives market is more liquid than the cash market and hence amenable for better price discovery. Although cash volumes have improved in the recent quarters, the structural shift (from high yield cash delivery to low yield derivatives market) over the years, is resulting in prolonged earnings pressure on the entire broking space. On the fund flow scenario foreign investors were net sellers for the fiscal year with an outflow of ~\$1.5bn. What was extremely heartening was the domestic institutional investor flow, which was at multi year high of ~Rs.80,000 crore for the fiscal.

While global economic conditions remained subdued for most part of the fiscal year, thereby suppressing our own secondary market outlook through the year, the primary market did see sharply improved activity on account of issuances by sunrise sectors like e-commerce, micro-finance and healthcare. OFS activity (from Government stable) was muted during the 1H, but picked up in H2 as

Government moved to meet its fiscal deficit target.

Cash & Derivatives Monthly Turnover

FINANCIAL PERFORMANCE AND REVIEW OF OPERATIONS

Your Company recorded an Income from Operations of Rs.111.56 crores for the year ended March 31, 2016. The total income for the year under review has remained stable at Rs.118.38 crores as compared to Rs.118.72 crores during the previous year. The Net Profit for the year stood at Rs.1.20 crores for the year ended March 31, 2016.

MON

6

ECONOMY

The latest weather forecast points towards the likelihood of normal monsoon in FY17 after two consecutive years of below than normal rains. MSP increases for FY17 are expected to be in the range of 2-4% which should keep agri commodities prices from spiraling up. Risks however remains that bad monsoons may lead to CPI rising. RBI has cut policy rates by 150bps since Jan'15 and is expected to cut another 25bps by end of 2016 if the inflation remains favorable.

The key contributors in FY17 will be the reforms taken by the government to boost growth by bringing in bills like GST, Land Acquisition etc. The economy needs a major push in terms of spends on infrastructure and focus on manufacturing and increasing its share in the GDP.

Macroeconomic indicators like the core sector growth, Index of Industrial Production, Capital spends etc., which had slumped in the last two years have started improving in FY16 and with more scope to improve in FY17 as well. This process along with more proactive governmental support will help the economy hit 8% growth in the next few years.

CPI Inflation is indicating a sustainable moderation in core inflation, RBI has already moved into a soft money policy mode which is expected to continue for the next few years. Lower inflation expectations and lower interest rates would definitely add strength to the recovery process and help kick start the investment cycle as well.

INDUSTRY

For the broking industry, structural challenges remain. While the economy continues to improve, and there are signs of higher financial market participation, growing cost pressures and low yields continue to dominate the broking industry. This has led to falling yields in the broking business accompanied with change in business model for a large number of players (from broking to advisory). Smaller players are likely to find it difficult to grow in an environment like this. Moreover, consolidation is long over-due in the industry.

While Indians did consume more and saved less during the past few years, we expect the trend to reverse and savings rate to move back up. While Indian savers have preferred physical savings over the past decade, we see that changing over the next decade, as financial inclusion led move towards financing savings becomes pre-dominant. Moreover, within financial savings, equity has attracted the lowest share of the saver's wallet. One of the key reasons for the same has been high interest rates. Given that interest rates have come down through the year gone by and are likely to come down further, and that interest rates are starting to get market linked, we sense a structural shift over the next decade in the savings composition of our economy. Further, as alternative asset classes slow down after decadal Bull Run (commodities, real estate); savers will be forced to look beyond historically favored saving vehicles. With a resolve from both the RBI and the Government to keep the real interest rates positive the move away from investments in physical assets is underway and within that equity is continuing to gain share at the cost of other asset classes.

The pricing environment continues to be challenging in the industry, with institutional brokerage commission being capped at 12 bps for cash market & 5 bps for futures segment. This is also reflected in falling yields for most players in the industry. The yield in the Options and Commodity segment too is falling due to competitive intensity.

The outlook for the industry is dependent upon three important factors. One, global economic recovery and coordinated central bank dovishness will significantly aid global investment sentiment and foreign portfolio flows into India. Second, a broad based macro-economic recovery will lead to improved corporate profitability thereby supporting equity returns. Finally, both the first and the

0

second factor will lead to rise in interest in equities and hence increase in participation by both domestic and foreign investors. Successful and vibrant primary market offerings will also help gain investor confidence and hence enhanced participation.

One of the most useful (but not widely tracked) variable of equity market participation is the "cash market volume to GDP" ratio which is still at ~36.4% (a long distance from the peak of 98% in 2007-08) highlighting reduced trade velocity. Moreover, this ratio also doesn't reflect the rise and change in economic activity (GDP) in the country over the past decade. So even if this ratio were to reach close to the historic high, it would represent a significant opportunity for equity broking players.

OPPORTUNITIES AND THREAT

India is on the cusp of a structural bull market after a prolonged slowdown of three years. With the building blocks for an economic recovery in place (like lower commodity prices, reform oriented government, low inflation and low interest rates), we believe that as the recovery comes about, participation in the financial markets is likely to increase. Moreover, with the focus of the Government to shift the savings of the economy into productive financial assets rather than unproductive physical assets the equity broking industry is set for increased volumes over the next few years.

We will also see increased retail participation as equities are likely to emerge as the best asset class in the foreseeable future outperforming other asset classes. Your Company is aware of the same and making conscious efforts to increase investor participation. It has plans to increase its overall market share by targeting profitable segments. Company is also focusing on efficient use of technology to become a cost efficient player in the market.

Your Company will continue to focus on technology, drive client acquisition, increase its business partner network, cost rationalization and provide efficient trading tools and value added research advice to its clients. The overall strategic focus is to create product and service differentiators across all segments.

RISK AND CONCERNS

The very nature of the Company's business makes it susceptible to various kinds of risks. The Company encounters market risk, credit risk and operational risks in its daily business operations. The Company has framed a comprehensive Risk Management Manual which inter-alia lays down detailed process and policies in the various facets of risk management function. The risk management review framework provides complete oversight to various risk management practices and process. The framework and assessment remains dynamic and aligns with the continuing requirements and demands of the market. The Company has also implemented surveillance mechanism to deal with various trade related risks and adopted a surveillance policy in line with the regulatory requirements.

INTERNAL CONTROL AND ADEQUACY

The Company has adequate internal control systems appropriate for the business processes having regard to efficiency of operations and for compliance with applicable laws. The controls are reviewed periodically and strengthened in view of changed processes, systems and regulations. In addition, the Company goes through periodic internal audits both through its internal team and external auditors, which includes branch and franchisee audits as well as all operations control. All the audit and inspection reports are placed at the Audit Committee meetings. Key issues are specifically brought to the attention of the Audit Committee and deliberated in detail along with the action plan for closure.

Aditya Birla Money Limited All Centre, No. 53 Greams Road, Chennai 600 006.

The information required under Section 197 of the Companies, 2013 read with Rule 5(1) of Companies (Appointment and Remuneration) Rules, 2014 are given below:

- a) The ratio of the remuneration to each Director to the median remuneration of the employees of the Company for the year ended March 31, 2016 is not comparable as no remuneration was paid to the Managing Director / Non-executive Directors of the Company.
- b) The median remuneration of employees of the Company for the financial year 2015-16 was Rs.3.66 lakhs.
- c) During the financial year under review, there was an increase of 6.17% in the median remuneration of employees. The calculation of percentage increase in median remuneration is done based on comparable employees.
- d) There were 709 permanent employees on the rolls of Company as on 31st March, 2016.
- e) Relationship between average increase in remuneration and Company performance:-Standalone Operating Profit before Interest, Depreciation and Tax for the financial year ended 31st March, 2016 decreased by 17.2%.
- f) The average increase made in the salaries of employees other than the managerial personnel in the last financial year i.e. 2015-16 was 6.51%. The increase in average remuneration of the employees of the Company was in line with the Human Resource Philosophy & Performance of the Company and was in line with the market trends.
- g) Comparison of the Remuneration of the Key Managerial Personnel(s) against the performance of the Company:

| S. No | Name of Key Managerial Personnel | Designation | Remuneration for financial year 2015-16 (in lakhs) | % increase in Remuneration in financial year 2015-16 | Comparison of remuneration against performance |
|----------|--|-------------------------------|---|--|---|
| 1. | Mr. Vikashh K Agarwal | Company Secretary | 34.98 | 30% | Standalone Operating Profit before Interest |
| 2. | Mr. Srinivas Subudhi | Chief Financial Officer | 21.03 | 22% | Depreciation and Tax has decreased by 17.1% in FY 2015-16 |

h) Variations in the market capitalisation of the Company, price earnings ratio as at the closing date of the current financial year and previous financial year:

| Particulars | 31 st Mar | ch 2016 | 31 st Mar | ch 2015 | % Ct | nange |
|-----------------------------------|----------------------|---------|----------------------|---------|--------|--------|
| | NSE | BSE | NSE | BSE | NSE | BSE |
| Market Capitalisation (in Crores) | 115.79 | 111.08 | 133.24 | 132.41 | -13.10 | -16.11 |
| Price Earnings Ratio | 96.69 | 92.76 | 18.79 | 18.67 | -4.14 | -3.96 |

i) Percent increase over/decrease in the market quotations of the shares of the Company as compared to the rate at which the Company came out with the last public offer.

The Company has not made any offer to the public in the past, hence the market quotations of the shares of the Company and the last public offer rate are not comparable.

In the year 2001, Om Sindhoori Capital Investments Limited, OSCIL ("Transferor Company") merged with Apollo Sindhoori Capital Investments Limited (ASCIL - erstwhile name of the Company), vide Court order dated March 12, 2001. The Transferor Company was a listed company with Madras and Mumbai Stock Exchanges. Accordingly, on completion of merger, ASCIL became listed as per the SEBI (Disclosure and Investor Protection) Guidelines, 2000. OSCIL had made a public issue of equity shares in the year 1995.

- j) During the financial year under review, the average percentage increase made in the salaries of employees other than the managerial personnel was 6.51%. This percentage increase cannot be compared with percentage increase in managerial remuneration as no remuneration was paid to the Managing Director / Non-executive Directors of the Company for the financial year ended 31st March 2016.
- k) The key parameters for the variable component of remuneration availed by the directors: Based on the recommendations of the Nomination, and Remuneration Committee as per the Remuneration Philosophy / Policy of the Company.
- I) The ratio of the remuneration of the highest paid director to that of the employees who are not directors but receive remuneration in excess of the highest paid director during the year: This is not applicable to the company since the Executive/Non-Executive Directors do not receive any remuneration from the Company. However, the Independent Directors receive sitting fees for attending Meetings of the Company.
- m) It is hereby affirmed that the remuneration paid is as per the Remuneration Philosophy / Policy of the Company.

ANNEXURE VII

Policy on Remuneration to Directors, Key Managerial Personnel and Other Employees

The Nomination and Remuneration Committee has recommended to the Board a policy on remuneration for the Directors, Key Managerial Personnel and other employees. The key highlights of the policy are reproduced herein below:

Objectives of the Executive Remuneration Program:

Our executive compensation program is designed to attract, retain, and reward talented executives who will contribute to our long-term success and thereby build value for our shareholders.

Our executive compensation program is intended to:

- 1. Provide for monetary and non-monetary remuneration elements to our executives on a holistic basis.
- 2. Emphasise "Pay for Performance" by aligning incentives with business strategies to reward executives who achieve or exceed Group, business and individual goals.

Business and Talent Competitors

We benchmark our executive pay practices and levels against peer companies in similar industries, geographies and of similar size.

Executive Pay-mix

Our executive pay-mix aims to strike the appropriate balance between key components:

- (i) Fixed Cash compensation (Basic Salary + Allowances)
- (ii) Annual Incentive Plan
- (iii) Long-Term Incentives
- (iv) Perks and Benefits

Performance Goal Setting

We aim to ensure that for both annual incentive plans and long term incentive plans, the target performance goals shall be achievable and realistic.

Performance Measurement & Executive Benefits

Our executives are eligible to participate in our broad-based retirement, health and welfare, and other employee benefit plans. In addition to these broad-based plans, they are eligible for other benefits plans commensurate with their roles. These benefits are designed to encourage long-term careers with the Group.

INDEPENDENT AUDITOR'S REPORT

To the Members of Aditya Birla Money Limited

Report on the Financial Statements

We have audited the accompanying standalone financial statements of Aditya Birla Money Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2016, the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at 31 March 2016, its profit, and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to Note No. 21 of the Notes to the Financial Statements relating to the recoverability of assets in the nature of trade receivables, advances, and other assets etc. aggregating to Rs. 183,368,483 grouped under advances recoverable in cash or kind, which is subject matter of claim and more fully described therein. Our opinion is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure 1 a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

Annexure 1 referred to in paragraph 1 under the heading "Report on Other Legal and Regulatory Requirements" of our Report of even date
Re: Aditya Birla Money Limited ("the Company")

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - (b) All fixed assets have not been physically verified by the management during the year but there is a regular programme of verification, which, in our opinion, is reasonable having regard to the size of Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given by the management, the title deeds of immovable properties included in property, plant and equipment/fixed assets are held in the name of the company except for immovable properties aggregating Rs. 15 lacs for which the title is in dispute and the matter is sub judice. Also refer Note No. 9A to the financial statements.
- (ii) The Company's business does not involve inventories and, accordingly, the requirements under paragraph 4(ii) of the Order are not applicable to the Company.
- (iii) According to the information and explanation given to us, the Company has not granted any loans, secured or unsecured to or from companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under section 189 the Act and hence clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given to us, there are no loans, investments, guarantees, and securities granted in respect of which provisions of section 185 and 186 of the Act are applicable and hence not commented upon.
- (v) The Company has not accepted any deposits from the public.
- (vi) To the best of our knowledge and as explained, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Act for the products/services of the Company.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, incometax, sales-tax, service tax, cess and other material statutory dues have generally been regularly deposited with the appropriate authorities though there has been a slight delay in a two cases amounting to Rs. 3,525. The provisions relating to duty of customs and excise duty are not applicable to the Company.
 - (b) According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, wealth-tax, service tax, sales-tax, value added tax, cess and other material statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable. The provisions of duty of customs and excise duty are not applicable to the Company.

As more fully discussed in Note No. 22 to the Financial Statements, stamp duties collected by the Company in respect of States wherein the manner of payment has not been notified from July 2011 onwards and remaining unpaid as of 31 March 2016 is Rs. 7,916,843. As the manner of payment of the same has not been notified, we are not in a position to comment if any portion of the stamp duties collected has become due and outstanding for more than six months as at the Balance Sheet date.

(c) According to the records of the Company, the dues outstanding of income-tax, sales-tax, provident fund, wealth-tax, service-tax, value added tax and cess on account of any dispute, are as follows:

| Name of the statute | Nature of dues | Amount (Rs.) | Period to which the amount relates | Forum where dispute is pending |

ANNEXURE 2 TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF ADITYA BIRLA MONEY LIMTED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

To the Members of Aditya Birla Money Limited

We have audited the internal financial controls over financial reporting of Aditya Birla Money Limited ("the Company") as of 31 March 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('the Act').

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expanditures of the company are being made only in accordance with authorisations of management and

directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Explanatory paragraph

We also have audited, in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act, the standalone financial statements of the Company, which comprise the Balance Sheet as at 31 March 2016, and the related Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information, and our report dated 6 May 2016 expressed an unqualified opinion.

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

1. Nature of operations

Aditya Birla Money Limited ('ABML' or 'the Company') was incorporated on July 04, 1995 in Chennai, Tamil Nadu. ABML is a broking and distribution player, offering Equity and Derivative trading through NSE and BSE and Currency Derivative on MCX-SX. It is registered as a Depository Participant with both NSDL and CDSL in terms of the Securities and Exchange Board of India (Depository Participants) Regulations, 1996 and also provides Portfolio Management Services.

2. Statement of Significant Accounting Policies

a) Basis of preparation

The financial statements of the company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

b) Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainties about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

c) Property Plant and Equipment and Depreciation

Property, plant and Equipment are stated at cost, less accumulated depreciation and impairment loss, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its working condition for its intended use. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. When significant parts of fixed assets are required to be replaced at intervals, the company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the fixed assets as a replacement if the recognition criteria are satisfied. Any trade discounts and rebates are deducted in arriving at the purchase price.

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

Depreciation on Property Plant and Equipment is provided on Straight Line using the rates arrived at based on the useful lives as specified in the Schedule II of the Companies Act, 2013 or estimated by the management. The company has used the following useful life to provide depreciation on its fixed assets.

Assets where useful life is same as Schedule II:

| Asset | Useful Life as Prescribed by Schedule II of the Co. Act,2013 |
|--|--|
| Computers (end user computers, Laptops) | 3 |
| V-Sat | 6 |
| Office Equipment(AC, Ups, Generator & Invertors) | 5 |
| Vehicles | 6 |

Useful life of assets different from prescribed in Schedule II has been estimated by management supported by technical assessment.

| Asset | Useful Life as Prescribed by Schedule II of the Co. Act,2013 | Estimated Useful Life |
|---|--|--------------------------|
| Batteries (included under office Equipment's) | 5 Years | 4 Years |
| Furniture & Fixtures* | 10 Years | 7 years |

^{*}In case of Furniture & Fixtures fitted with premises, depreciation calculated based on lease period taking into account the secondary lease period or 7 years whichever is less.

Leasehold Assets

| | Period of Lease ranging |
|------------------------|-------------------------|
| Leasehold Improvements | from 4 to 5 years |
| | |

Fixed Assets, individually costing less than Rupees five thousands, are fully depreciated in the year of purchase.

Depreciation on the Fixed Assets added/disposed off/discarded during the year is provided on pro-rata basis with reference to the month of addition/disposal/discarding.In the case of capitalisation of Greenfield/ Brownfield project, depreciation is charged from the date the project is ready to commence commercial production to the Statement of Profit and Loss.

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

d) Intangible assets

Intangible assets are recorded at the consideration paid for acquisition. The computer software costs are capitalized and recognized as intangible assets in terms of Accounting Standard 26 - Intangible Assets based on materiality, accounting prudence and significant economic benefit expected there from to flow over a period longer than one year. Capitalized costs include direct costs of implementation and expenses directly attributable to the development of the software. All other expenses on existing intangible assets, including day-to-day maintenance expenditure are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

Computer software cost capitalized is amortized over the estimated useful life of 6 years on a straight line basis.

e) Impairment

- i) The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the assets net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset.
- ii) After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

f) Leases

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of profit and loss on a straight-line basis over the lease term.

g) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long-term investments are carried at cost. However, provision for diminution in value is made to recognize a decline other than temporary in the value of the investments.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the statement of profit and loss.

h) Revenues

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Brokerage Income and transaction charges are recognized on the trade date of the transaction upon confirmation of the transactions by the exchanges.

Income from depository services and interest and finance charges are recognized on the basis of agreements entered into with clients and when the right to receive the income is established.

Other interest incomes are recognized on a time proportion basis taking into account the amount outstanding and the applicable rate of interest. The same is included under the head 'other income' in the statement of profit and loss.

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

Portfolio management fees are recognised on an accrual basis in accordance with the Portfolio Management Agreements entered into with the respective clients

i) Employee Benefits

i. Retirement benefit in the form of provident fund is a defined contribution scheme. The company has no obligation, other than the contribution payable to the provident fund. The company recognizes contribution payable to the provident fund scheme as an expenditure, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre payment will lead to, for example, a reduction in future payment or a cash refund.

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

- ii. Gratuity liability under the Payment of Gratuity Act which is a defined benefit scheme is accrued and provided for on the basis of an actuarial valuation on projected unit credit method made at the end of each financial year.
- iii. Short term compensated absences are provided for based on estimates. Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method. The Company presents the entire leave as a current liability in the balance sheet, since it does not have unconditional right to defer its settlement for 12 months after the reporting date.
- iv. Actuarial gains/losses are immediately taken to Statement of profit and loss and are not deferred.

j) Employee stock compensation cost

Employees (including senior executives) of the company receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for equity instruments (equity-settled transactions).

In accordance with the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 and the Guidance Note on Accounting for Employee Share-based Payments, the cost of equity-settled transactions is measured using the intrinsic value method. The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit recognized in the statement of profit and loss for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in employee benefits expense.

k) Income Tax

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Incometax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable timing differences. Deferred tax assets are recognized for deductible timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

which such deferred tax assets can be realized. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

At each balance sheet date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The Company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period

I) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue; bonus element in a rights issue to existing shareholders; share split; and reverse share split, if any.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

m) Contingent Liability and Provisions

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

n) Segment Reporting

The Company is principally engaged in the business of Broking and related activities. The operations are entirely in India.

o) Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

p) Sharing of costs

The Company shares certain costs / service charges with other companies in the Group. These costs have been allocated on a reasonable and consistent basis between the Companies as mutually agreed to.

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

21) Assets forming part of claims made by the Ultimate Parent Company

Pursuant to a Share Purchase agreement ('SPA') between Aditya Birla Nuvo Limited ('ABNL' or 'the Purchaser'), ultimate holding company and Mr.Prataph C Reddy and others ("Erstwhile Promoters") dated August 28, 2008, ABNL had agreed to acquire 31 million equity shares in Aditya Birla Money Limited ("the Company"). The transaction was completed on March 6, 2009.

As per the SPA, the Erstwhile Promoters had agreed to indemnify and hold harm less the Purchaser to the extent of any Losses, resulting from or consequent upon or relating to such breach of representations or warranties, covenants or agreement including but not limited to the recoveries of receivables and other assets in the books of the Company, contingencies on tax and related matters etc.

Subsequent to the completion of the above transaction, the Purchaser noted several breaches of representations and warranties including but not limited to non-recovery of debtors, irrecoverable advances, missing fixed assets etc. Accordingly, ABNL based on its internal assessment of the recoverability of receivables, fixed assets, other assets and matters relating to tax and other contingencies arrived at an amount of Rs 163,882,296 as Losses incurred on account of breach of representation / warranties in the SPA. Further, ABNL vide its letter dated March 5, 2011 made a separate claim of Rs. 5,169,379 for amounts becoming due and payable on accounts of various cases initiated by the customers of the Company. ABNL invoked the arbitration mechanism and filed their Statement of Claim on February 26, 2011 with the Arbitration Tribunal.

Pending the final outcome of the arbitration proceedings, the Company has identified all such receivables, assets etc which are have not been recovered and other items which are the subject matter of the claim to the extent they are in the books of accounts of the Company as at March 31, 2016 aggregating Rs. 183,368,483(previous year: Rs145,730,179) and disclosed the same in Short Term Loans & Advances under Note 11B of the Balance Sheet, as these amounts would be paid directly to the Company by the Erstwhile Promoters at the direction of ABNL as and when the settlement happens.

Both parties completed filing of documents. On 04 July 2012, a hearing was held and M/s. Delloitte Haskins & Sells were asked to act as auditors by the Arbitrators with a mandate to submit a report on whether from an accounting perspective, including the accounting treatment that has been given to the items set out in the Statement of Claim, the amounts as claimed are correct as per accounting practice.

The arbitral tribunal then directed the Claimants and Respondents to file their objections if any to the audit report submitted by Professional Accounting firm and had also directed the Respondent to file their list of witnesses (if any) by the end of April 2013. The Respondents filed their objections to the audit report and ABNL had also filed its reply to the said objections.

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

Arguments in rebuttal by the Claimant was completed on 25 October 2013 and written submissions were filed by 29 October 2013. The tribunal has reserved the award.

During FY 2014-15, Arbitral Tribunal has passed an award, allowing claim of Rs.99,190,697/-, which excluded premature claims pertaining to income tax, service tax, etc. Further, such award directed the Erstwhile Promoters to pay a sum of Rs. 55,546,790/- (being 56% of Rs.99,190,697/-, as ABNL has purchased only 56% of shares), alongwith interest @ 14% from the date of award. This award was received by ABNL on 27th May 2014.

Subsequently, both parties have filed petitions under Sec.34 of the Arbitration and Conciliation Act, 1996 seeking to set aside the award and the same are admitted and pending on the file of the High Court of Madras.

In respect of such receivables, which exclude premature claims pertaining to income tax, service tax, etc., the Company has created adequate provision, which also includes claims not awarded by the Arbitral Tribunal to the extent of 44%. In respect of tax claims, the company has obtained favorable order for certain assessment years & is confident of recovering such amount in due course. Such amounts are fully recoverable from the income tax department.

Further in the month of October 2015, Supreme Court dismissed the appeal filed by the Company against SAT order directing the company to pay a sum of Rs. 1,65,96,652/- together with interest thereon. Consequently SEBI served a notice of demand on the Company seeking payment of a sum of Rs. 1,65,96,652/- towards turnover fee and a sum of Rs. 3,76,38,304/- towards interest thereon from the respective due dates of payment of the said Turnover Fee.

As the erstwhile promoters have agreed to indemnify ABNL to the extent of any losses resulting from or consequent upon the civil appeal pending before Supreme Court vide Civil Appeal No. 3441/2007 in the SPA, the demand was communicated to the erstwhile promoters and the erstwhile promoters have paid the total turnover fee of Rs. 1,65,96,652/- to the Company against the payment made by the Company to SEBI.

The request of the Company to SEBI seeking waiver of the interest was not considered favourably and the review petition filed by the Company in Supreme Court was also dismissed. In the meanwhile SEBI issued a Recovery Certificate dated 12.01.2016 seeking to recover the interest amount and the Company remitted the above mentioned interest amount with SEBI under intimation to erstwhile promoters.

Based on legal opinion received by the company in previous year and internal assessment, the ultimate company is confident of recovering the allowed claim

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

through the legal process. Further, we conform that ABNL has committed to transfer any funds received on settlement of arbitration order to the company. Accordingly in our opinion there is no uncertainty in recovery of such amounts and no additional provision is necessary.

22) Stamp duty

Hitherto, the Company had been collecting and remitting stamp duties with respect to states wherein the manner of payment of the same has been prescribed by the respective state governments. From July 2011, the Company had started collecting stamp duty on contract notes for all states, including the states wherein the manner of payment has not yet been notified. The Company is evaluating various options of remitting the same, including remitting those amounts in the State of Tamil Nadu, as all the contract notes are executed at Tamil Nadu. Pending, the final determination of the manner of remittance, amount of Rs.7,916,843/-(Previous year: Rs.5,171,148/-)collected till March 31, 2016 has been disclosed under Statutory Dues under Other Current Liabilities.

31) Foreign currency transactions

The Company did not enter into any foreign currency transactions in the current year and previous year.

32) Stock options granted under ABML – Employee Stock Option Scheme – 2014

The objective of the Employee Stock Option Scheme is to attract and retain talent and align the interest of employees with the Company as well as to motivate them to contribute to its growth and profitability.

In accordance with the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999, as amended by Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 (hereinafter referred to as 'SEBI ESOP Regulations') and the Guidance Note on Accounting for Employee Share-based Payments, the cost of equitysettled transactions is measured using the intrinsic value method. The cumulative expense to be recognized for equity-settled transactions at each reporting date until the vesting date will reflect the extent to which the vesting period has expired and the company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit to be recognized in the statement of profit and loss for a period to represent the movement in cumulative expense recognized as at the beginning and end of that period and is to be recognized in employee benefits expense. However, there is no expense that is incurred during the year by the Company for this purpose since the exercise price at which the options have been granted by the Company to eligible employees are at the market price of the Company and the market price of the shares under ESOP being more than the exercise price of the option. As per the ABML ESOP Scheme - 2014, 25% of the stock option granted got vested at the end of 12 month from the date of grand of option but none of the employees exercised the vested option till 31st March 2016.

Stock options granted under ABML - Employee Stock Option Scheme - 2014

In the previous year, the Company had formulated the ABML Employee Stock Option Scheme – 2014 (ABML ESOP Scheme – 2014) with the approval of the shareholders at the Annual General Meeting dated September 09, 2014. The Scheme provides that the total number of options granted there under will be 27,70,000 and to follow the Market Value Method (Intrinsic Value) for valuation of the Options. Each option, on exercise, is convertible into one equity share of the Company having face value of Rs. 1 each. Subsequently, the Nomination and Remuneration Committee of the Board of Directors on December 2, 2014 has granted 25,09,341 stock options to its eligible employees under the ABML ESOP Scheme – 2014 at an exercise price of Rs. 34.25/-. The Exercise Price was based on the latest available closing price, prior to the December 2, 2014 (the date of grant by the Nomination & Remuneration Committee)

The vesting period in respect of the options granted under ABML ESOP Scheme – 2014 is as follows:

| Sr. No | Vesting Dates | % of options that shall vest |
|--------|----------------------------------|------------------------------|
| 1 | 12 months from the date of grant | 25% of the grant |
| 2 | 24 months from the date of grant | 25% of the grant |
| 3 | 36 months from the date of grant | 25% of the grant |
| 4 | 48 months from the date of grant | 25% of the grant |

No. of Share vested during the year on 2nd December 2015 is 612,225 and none of the employees have exercised the vested options.

The Company has granted options to the eligible employees at an exercise price of Rs. 34.25 per share being the latest market price as per SEBI ESOP Regulations. In view of this, there being no intrinsic value (being the excess of the market price of share under ESOP over the exercise price of the option), on the date of grant, the Company is not required to account the accounting value of option as per SEBI ESOP Regulations.

Fair Valuation:

The fair value of the options on the date of grant has been done by an independent valuer using Black-Scholes Formula.

The key assumptions are as under:

Notes to the financial statements for the year ended March 31, 2016 (All amounts are in Indian Rupees, unless otherwise stated)

| The price of the underlying share in market at the time of option grant | Rs.34.25/- |
